

Pedalix App

Revolutionize Your Ride: Easy, Eco-Friendly, Effortless!

Pedalix App

Introduction

All day, every day, all around Sri Lanka, you can use our bikes using the Pedalix app. This app is tailor-made for Android devices, so using it will be a breeze. To find out where our bikes are, download the app. See the steps below to see how simple it is.

The Pedalix app lets you utilize our bikes 24/7 in Sri Lanka.

PEDALIX 

Market Overview

Smart bike rental apps are booming in cities and among environmentally concerned consumers. Technology like e-bikes and real-time applications increases utilization. Operations are enhanced by analytics and subscriptions. The industry is competitive, but it has the potential to grow and bring cycling to a wider audience.

Key Features

Our Pedalix app simplifies bike rental with Scan & Pay, allowing you to instantly access bikes by scanning a QR code and completing payment, eliminating queues and complexities. Pause a Ride empowers you to halt your journey at your convenience, whether for a quick break or to explore scenic spots. Designed with a user-friendly interface, our app ensures effortless navigation, from finding bike stations to renting and tracking routes, catering to cyclists of all levels and enhancing exploration across Sri Lanka.

User-Friendly Interface

Pedal through the city with ease thanks to our app's intuitive design.

Scan and Pay

If you are ready to rent a bike, tap on the parking spot. The app will ask you to set up payment.

Pause a Ride

If you want to leave the bike temporarily, you can pause a ride.

Pedalix App

User Benefits
